

Product Portfolio

Our Work

Thank you for exploring our portfolio. The following images showcase a selection of our past creations, designed to inspire and guide you in crafting your own unique, custom piece.

High-End Furniture Starts with High-End Materials

By sourcing the highest quality materials, we are able to guarantee our pieces will be the centerpiece of your room for years to come.

All the antlers used by Lake AntlerWorks are from the naturally shed antlers of elk, deer, and moose from wild animals in the Western states, and Alaska.

Moose

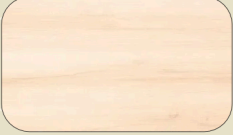

Elk

Deer

The wood we use is both beautiful and well suited for making furniture. They are all hardwoods, which make them less susceptible to dents and scratches. They are also relatively stable on the spectrum of woods, meaning they move less from seasonal moisture changes than some other species are prone to.

BLACK WALNUT		OAK	
MONKEY POD		PECAN	
MAPLE		MESQUITE	

Desks

Elevate your home or business office space

Functional Design

While created beautifully, we also ensure all desks are designed practically to allow copious work space on the surface as well as comfortable leg room below.

Pecan top with elk antler base

Captivating Materials

Each desk surface is crafted from carefully chosen live edge wood sourced from around the country. Depending on needs, desks can be structured with one or two tiers.

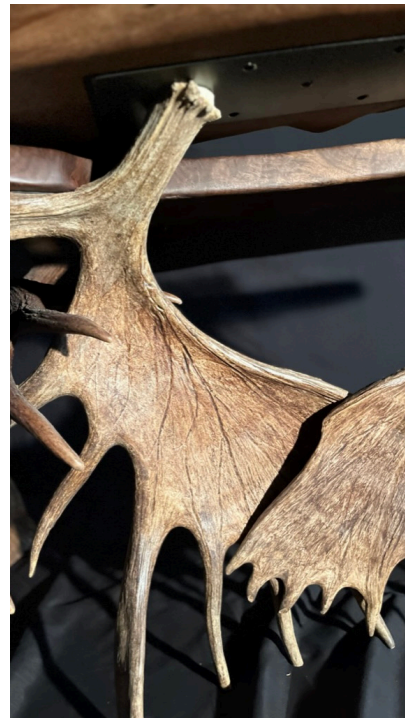

Two-tier walnut top with elk antler base

Symmetrical Construction

Part of what makes our desks so special is the thoughtfully structured symmetry. This makes each piece a true work of art.

Coffee Tables & End Tables

A conversation piece for every room

Distinctive Styles

Coffee tables lend themselves to highlighting unique wood pieces. Pieces can be created to fit any style of home decor, becoming both a functional centerpiece and a work of art.

Olive wood
Elk and white tail antler coffee table

Custom Sizes

Accent tables can be made in an assortment of sizes to fit the needs of the space. By allowing the live edge to remain, the natural beauty of each piece of wood is emphasized.

Elk and white tail antler coffee table

Varied Height Selections

In addition to coffee tables, we can create end tables or couch tables to add function in the home. Whether a matching set or a unique design, each piece is custom crafted to fit the needs of the space.

Monkey pod and elk antler end table

High Top Tables

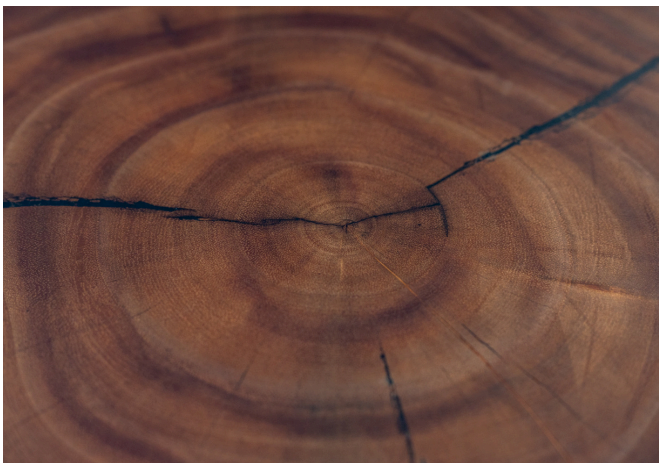

Balancing the beauty of antlers and natural wood

Elevated Aesthetic

The bold design and refined finishes instantly enhance the ambiance of any room, creating an atmosphere that invites conversation and enjoyment. The elevated design truly showcases the beauty of the antlers below.

Monkey pod and elk antler table

Flawless Wood Finishing

Each tabletop is crafted from hand-selected wood and sanded silky smooth. The finish offers a natural-looking sheen that complements the texture of the antlers, enhancing the overall aesthetic of the piece.

Monkey pod table top

Functional Focus

Built with functionality in mind, these tables offer a solid, stable surface for drinks, small meals, or social gatherings. The durable construction ensures that the table stands up to everyday use while maintaining its elegance.

Elegant elk antler base

Dining Tables

A statement piece to gather around

Sculptural Artistry

Each antler is carefully selected and artistically arranged to create a stunning visual balance. This makes each base unique, showcasing the natural beauty and intricate detail of the antlers.

Elk antler base

Rich Grain

Every curve and knot in the wood tells a story. We preserve the inherent beauty of the wood while enhancing its natural features. The patterns of the wood creates a stunning visual contrast with the antlers below.

Claro walnut burl with moose antler base

Classic Designs

Though we specialize in antlers as our medium, we do offer custom work completed in more traditional styles. With a background in metalwork and fabrication, the design options are endless.

Walnut and steel dining table

Hand Sculpted Chairs

Master crafted & exceptionally comfortable

Poker & Black Jack Tables

A piece as distinctive as the game itself

Custom Inlay Options

Inlay options add a layer of artistry and customization to each piece. Handcrafted with precision, these inlays are available in various materials, making every table a one-of-a-kind work of art that enhances the table's elegance and character.

READY TO DISCUSS YOUR PROJECT?

Contact us either by phone or email or set up your consultation.

STEPS TO GET A QUOTE

01 Contact Us

Call, text, or email us and we can get a meeting set up to discuss your project.

02 Schedule a Call

Let's get the ball rolling. This call can serve as a checkpoint to discuss specifics of your project.

03 Receive a Custom Quote

After the initial project meeting, we will send you a quote based off the unique parameters of your project.

We appreciate your support of our family business

Joe Lake and his wife Laurel are the team behind Lake Antler Works. Joe's background in welding and fabrication gives him knowledge and skill to construct quality pieces. He is creatively inventive in his work, combining form and function with art. They love being able to create beautiful pieces with natural materials from God's creation.
